All for one. And one for all. **FELLOW** is the perfect choice for any upholstered furniture - whether chairs, corner benches, armchairs, sofas, solitaires or cushions. The upholstery fabric is straightforward, easy to care for and is available in 70 casual home colours; this being so, it's always ready for life - and for any stain, which disappears again quickly with just some clear water. What does remain: a good-looking **FELLOW**, that you can rely on anytime and anywhere.

MADE FOR REAL LIFE

STAIN PROTECTION reduces the penetration of water, dirt, oil or grease and makes them easy to wipe off. Products equipped with **ADO SMART CLEAN** are durable and easy to clean. Removable covers can even be washed in the washing machine.

BE RELAXED

YOUR FAVOURITE PLACE

With time, the frequent wear and tear on upholstered furniture becomes visible. Fortunately, we don't have to part with our favourite pieces right away, because new covers work wonders and make them shine again.

BE BALANCED

If you like a touch of the tropics or like to surround yourself with flowers and plants, the fabrics from the **BE BALANCED** collection are exactly your thing. Natural elements, sometimes discreet as a burnout, sometimes as a jacquard weave, as a striking print in subtle, balanced or bold colours create a harmonious atmosphere in the comfort of your home.

BE SOPHISTICATED

Transform your comfort zone into a comfort oasis. Using elegant and high-quality textiles that are nonetheless uncomplicated and easy to care for. For this, the **BE SOPHISTICATED** collection has a lot in store for you: expressive applications, statement prints, chic jacquards and elite solid colours.

WALL COLOUR MAGIC

Colours are not only an expression of your individuality, but can also change and positively influence the perception of entire rooms. Large rooms become cosier and small rooms can appear visually larger.

IT'S ALL IN THE MIX

With your very own pattern mix, you can add some excitement and a lot of character to your four walls that no one will be able to easily imitate.

BE EXTRAORDINARY

Swap the humdrum for the extraordinary. Go for the never-before-seen instead of the already-know. Try something new, special and extravagant: For example, a high-quality velour jacquard in combination with a timeless moiré jacquard? A solid colour with the look of hand-crafted dupioni silk? Or one of our sassy, vibrant prints? Be brave and add an extravagant touch of joie de vivre to your home - as an innovative 140 cm wide sheet.

ACHIEVE THE PERFECT LOOK IN 5 STEPS

You've been dreaming of new curtains for a while now and are wondering what the easiest way is to bring your idea to life? Once you've made a few basic decisions, there's nothing standing in your way. We have compiled the most important points for you. Have fun being creative!

- 1 WHICH ROOM ARE YOU PLANNING TO DECORATE?**
This is probably the easiest question! There are various functions or finishes that are suitable for your project, depending on the respective room.
- 2 DO YOU HAVE SPECIAL NEEDS?**
There are a few features that will make your life easier. Extremely easy-care fabrics that are even washable, for example, special thermal fabrics that provide an optimal indoor climate, fabrics that are flame retardant or have a darkening effect.
- 3 WHAT IS YOUR STYLE?**
Clean or whimsical, sheer or lush, fluffy or polished - look for inspiration online to find out what suits you best. Click here to access the digital fabric catalogue with pin function: www.ado-goldkante.de/en-gb/fabric-catalogue
- 4 FASTENING AND PROCESSING**
If you want to be entirely flexible, panel curtains are ideal; light and floor-length curtains provide a sense of dynamism; heavy decorative blinds, which always keep their shape, are very decorative; and if you want to protect yourself from prying eyes, roller blinds are the perfect choice.
- 5 WHERE CAN I TURN MY IDEA INTO REALITY?**
A professional interior designer can bring almost any idea to life. You can see the fabrics up close and get advice without obligation.

LIGHT CHANGE

Full moon and street light can now be left outside, because dimout and blackout fabrics ensure that you get a good night's sleep.
